Memo

To: Family Physicians Working in a Patient Enrolment Model e.g., FHG, FHN, FHO, CCM

From: Dr. David Kaplan, Chief, Clinical Quality and Dr. Sacha Bhatia, Population Health and Value Based Health Systems Executive

Re: Access your COVaxON Aggregate Primary Care Vaccination Report

Family physicians are trusted by their patients – that’s why we’re asking you to identify and consider contacting your patients who are not yet vaccinated to help them understand the benefits of receiving the COVID-19 vaccine to protect against COVID-19 and variants.

Access your Vaccination Report now – click [here](#) and select “ONE ID” to login.

The COVaxON Aggregate Primary Care Vaccination Report identifies your rostered patients that have received a COVID-19 vaccine. Instructions are provided to help you use this information to determine which of your eligible patients have not yet been fully vaccinated. We would ask that you consider this memo a formal request to contact as many of these patients as possible to provide them your assistance in the registering and/or booking of their COVID-19 vaccinations.

An [EMR-eReport Patient Vaccination Reconciliation Toolkit](#) has been developed by OntarioMD in collaboration with Ontario Health to support you in accessing and using your Report.

As a reminder, a ONE® ID account is required to access the COVaxON Aggregate Primary Care Vaccination Report. You are registered with ONE® ID and enrolled in the service if you already access the Screening Activity Report or if you recently received a “Welcome” email after signing up to receive the COVaxON Aggregate Primary Care Vaccination Report. If you have a delegate for the Screening Activity Report, this delegate can also help you access your vaccine list. If you have not yet registered, please complete your ONE® ID self-registration; for instructions, please refer to the [ONE® ID CPSO Registration Guide](#).

If you require assistance with accessing your ONE® ID account, please call the Ontario Health Digital Support Desk at 1-866-250-1554 or email OH-DS_servicedesk@ontariohealth.ca for assistance.

If you have any questions about the COVaxON Aggregate Primary Care Vaccination Report, please email OH-HQO_PrimaryCare@ontariohealth.ca
