

Ontarians want family doctors more fully involved in vaccination*

Here's what we learned from the nearly **1,600** Ontarians we surveyed about their health and COVID-19 vaccination:

83%
trust
family

doctors most
when it comes
to health and
wellness.**

87% go to their
family doctors
first when seeking
health advice for
themselves and
their families.

The **IDEAL LOCATION** to get the COVID-19 vaccine:

FAMILY DOCTOR'S OFFICE – 46%

PHARMACIES – 25%

**MOBILE/DRIVE-THROUGH
CLINICS – 16%**

**MASS VACCINATION
CLINICS – 13%**

Note: Asked among those who would/may get a COVID-19 vaccine.

68% would get the vaccine

21% may get the vaccine

11% would not get the vaccine

Hesitant or resistant
Ontarians would
be **more likely to**
get the vaccine
if endorsed and
administered by:

**Family
doctor
(61%)**

**Nurse
(50%)**

**Pharmacist
(42%)**

* The OCFP study released by Maru Public Opinion was conducted by Maru/Blue from February 16 to 19, 2021 among a total 1,572 adult 18+ residents of Ontario, with an estimated margin of error of +/- 2.5%, 19 times out of 20. The full results, methodology, and tables can be found at marugroup.net/public-opinion-polls/canada
